Terms & conditions

Note: Due to a global shortage in the IT hardware supply chain, we're temporarily unable to process new NAYA Box orders. This is an industry-wide issue, and we're working on alternate arrangements to bring fresh stock at reasonable prices. We appreciate your patience during this time.

What is NAYA Box?

The NAYA Box is an Android TV™ Box that allows you to convert your normal TV into a smart TV. It provides a complete entertainment solution by allowing access to multiple streaming services like NAYA TV, Netflix, Prime Video, and YouTube. Like any smart TV device, it runs Google Play apps, plays games, and enables browsing, offering a diverse range of entertainment options right on your TV screen.

What is the NAYA Box price?

You can get your NAYA Box for just Rs 19000. You can make a one-time payment or avail our monthly installment facility at your convenience.

Does NAYA Box need Wi-Fi?

Yes, you need an active internet connection to run Nayatel NAYA Box. While the TV Box connects to your TV via HDMI, streaming apps and content require internet connectivity.

Can I watch live TV on NAYA Box?

Yes, you can watch live TV on an NAYA Box through the NAYA TV service. NAYA TV offers a diverse range of live TV channels, spanning news, sports, and entertainment. Enjoy real-time access to your favorite shows and events hassle-free.

How can I get NAYA Box?

You can simply purchase the Nayatel NAYA Box by placing your order through the website or ordering a call back, and we will assist you to get your hands on the best Android TV™ Box in Pakistan.

What apps can I run on NAYA Box?

Nayatel NAYA Box runs on the Android™ operating system and provides a platform for various applications. Some common apps that you can run on NAYA Box are Netflix, Youtube, Amazon Prime, NAYA TV, Spotify, etc.

Do I need a smart TV to use NAYA Box?

No, you don't need a smart TV to use an NAYA Box. NAYA Box is a smart TV device that can convert your normal TV to a smart TV, granting access to a wide array of apps, streaming services, and functionalities typically associated with smart TVs.

How does NAYA Box work?

The Nayatel NAYA Box functions by connecting to your TV via HDMI port and accessing the internet through Wi-Fi or Ethernet. It runs on the Android™ 11 operating system, providing access to apps, games, and streaming services. You can navigate the interface using our remote control.
